

API Integration Ideas

1. Payment Gateways

- Stripe – subscriptions, one-time payments
- PayPal – international payments
- Razorpay (India) – local payments

2. Authentication

- OAuth with Google/Facebook/GitHub
- JWT-based auth system
- Magic link passwordless login

3. Third-Party Services

- SendGrid/Mailgun for emails
- Twilio for SMS/voice
- Cloudinary for image management
- Mapbox/Google Maps for location
